FRIDAY . - - DECEMBER II 1966

The New King

Wall mitter t shift, now from present chie Iving Edward VIII , he retires Into pival he to hir till grave trother who will all on the threne I dward was un willing to a cupy. The Duke of York has not had the sup-

posed berefit of lifelong expretions, of b coming a fan. His computative obscutty is a handienp in establishing the schill mental basis which is so youl to the British throngs modern function as a symbol of

The handle up is more apparent than real The new susceeding personling the admir able qualities which combled his father tieurge V to command the affection of his subjects life is quiet reticent and consecontive a typical Luglish family in in. If that is while the Billith empire wants and needs the new king will find his place

fhough lacking the intensive priparation for king hip which Edward received. Albert may prove he is better sulted to the mon irchial role than his brother. British subjects want their hungs to be statte willing to conform to the obligations of bla of fire and rustons to relida the common touch. Powerd's remin lating of the throne bus camed another regulicment to be added - a desire to serve All there qualities serm to reade in the new king

to him so suddenly. The difficulties of the monarchial function are understood but ler now than they were before the Billiah Crists. What constitues has scentd a to month privilege now has more the sp peniance of a stern and algorous duty

Albert forred to abandon the privacy so precious to sil men will be asked to snerl fle more than he can rights. Smilfice is this privilege according to the ethics of but at been unital eld dilder solves, lagur justing the throne to British needs. Appar catty Abert is in agreement with those I dward was not

The United States which has followed the crists to ding to Pdw rids act of removie tion closely feels for the new king the same triendly interest which it reflected on his brother and on the late $|{\bf king}| |{\bf George}| |{\bf V}|$ this country with publical and cultural raots in treat Beltalu, has renched an onderetanding of British tradition and a sympathy with British feeling which we vital forces in the modern world.

Americans bepr to; Ore t Britain is that the fricatened chord which has bound over littleh politics may have a sile i fin ing I dward her gained the privilege of marrying whom he pleases. Affect has this long that for malas I mount a both a is well substited. When excitement subsides if that is the net result the result can be culted satisfactory

Aviation's Loss

The an transport crish near travdon stratome bondon Inflit that heavy leves on commercial axiation intent,

It nivers is a setback when a transcrip carrying paid passengers comes to grief brein a flight supposedly has its wide t mission of safety in such planes. I wellert pilots fine equipment and all preciations still are not in it solute quictantee igilost 4it disasters

The more action las to avaition in the Croydon crash was the death of lura de la Gierra who had devoted his life to te statch on cresh proof fiving. Using the hellcopter prin iph he had made impactant progress. When his first machines proved findly he cens of production and went to work to improve him. Within the first car his Improved believer plants helbeen setting favorable after ion again. His untimely death-he was only in-will be a section clouck to avertion unless someone else able to entry on with his idea appear-Immediately

The helicoptes may not be the mount to the problem of safety in thing, but it lead become one of the most commanding pro-posals before the public whose support and confidence aviation seeds

Pedestrians Too Confident. The education of pedes irms must be

stepped up to keep piec with that efauto mobile drivers who have mercased their margin of safety materially during the year run ending

In 1936 according to present indications there will be a decrease of 1 per cent in unto ac idents other than those in which pedestrians were a factor. Pedestrian sendenta increased 2 per cent. This means

It means pedestrians must develop more resourcefulness in the g car American game of dodgem. They can't afford to wait for automobile divers to become perfect

Liberals Fear Turn To The Right

By DAVID LAWRING THE Copyright, 1958 by the Varion Star

WASHINGTON, Dec. 13. Inside the ad-min staffin, then in here and there, me presentest many the esseathed young an elements became of a fear that Presi the single circled in reform than he was

the set of exercise in reform than he was a his first. It is his to raise and breed as a cooperative project with the understanding that in return he give the chaper two gills from the firstitle of the chaper two gills from the firstitle of the given to two other members with the same agreement and the plan will be continued until in time the chapter will have huilt up a strong swine project.

The chapter met Tuesday night and discussed the project in a husiness seasion preceding a talk by Earl N Hale general secretary of the Y M C A on Hobbits.

Your Health BY DR. R & COLELAND

Heart Ailment

At a recent medical meeting the discussion centered on the treat ment of coronary thrombosis. This dreaded heart condition was formerly reparded as sure to be fast! Bu according to rejects submit ed of the Medical Sociation of the Cost to of New York it can be controlled. Certainly serious complications are prevented by property designed.

Corena: thrombosts is a condi-tion experienced chiefly by men be tween the ages of 50 and 60 years. It is rare before the ages of 40 and infreq tently met in the age groups part by A blocking or soppage of the coronary arieries occurs in this affliction. These are the vessel-that supply blood to the hear wall **BY CHURCH GROUP**

As a rule the vicum of this dis order suffers from high blood pres order sitters from high blood pites sure But it may occur in Indisiduals who are free from this symptom but a e subjected to prulonged nervou tension and carry great just justibilities. For this great it is present at the present it is present business. ness men administrators and pro-

fessional men during the most pro-ductive period of their lives. The victim is usually stricken with an Bitack when he is at re-perhaps sitting in a chair or lying in bed. Sometimes it occurs dur-Pain is always present It may

Pain is always present it may be slight of course but it also ma-come on in agonizing spaces. Suf-ferers from coronary thrombosis accoribe the pain as cruehing grip-ning or burning in character. It ping or burning in character its generall starts in the region be bind the break tions and spreads to the left or right arm or pos-sibly both. The left arm is most

sibly both The left arm is most commonly involved. In every case it is essential that a heart tracing be mad to confirm the disposis. This is expecially recommended because there are many other disturbances particularly spinorial dispersional dispersion closely resemble the symitoms of coronary thrombods. The physi-clan needs all the aids possible and crining the color ration of the patient (opporation to the bound of the

In Ohio History

the out the J. B. (attraille of feet 1 of Ohl histories, we tien for the unoctated Press.)

"RALLOT BOX STUFFING" "ballet box stuffing" was avidently a well known method of corrupting clottons even who the

ruptly cie tions even whether first legislature was in session. The voting places did not open until 10 a.m. and closed at 4 p. m. At 9 a.m. the votins present were required o gantze the polla. They elected votks and judges from their number. This meant that the party which had the most that the parts which had the most solers on hand at 9 offices took the organization and controlled the election at the particular voting place. That meth it was continued as late as the middle eighties. Evidently it was not expected that auffring would be attempted while the voting via going on but an iron apring bolt was arranged to close the slot so that it would not be possible to hrust takets down into the box.

"ALL-BRAN KEEPS ME

"When I had eaten a heavy breakfast, I would feel logy After a couple of days of this, I would have to take a livative.

"One morning I had a dish of ALL BRAN Believe me it beats any lavative as a keeps me is shapa every day.—Wim C Billings, 1350 19th St. Denver, Colorado.

Why put up with half sick days, when a delicious cereal will make you feel so good? Because ALL BRAN has 'bulk which absorbs moisture within the body. Them tently sponges out your sy tem, wipes away the listlessness the blues," the headaches

Scientific tests prose this natural food is both safe and effective—worlds better than taking patent mideines. ALL-BRAN is guaranteed Take it a week if not satisfactory your money will be refunded by the hellogg Company.

Serve as a cereal or use in cook ing ALL-BRAN also supplies vitamin B and iron At all grovers. Mide by hellogg in Battle Creek.

Serve as a cercal or use in cook ing ALL-BRAN also supplies vita-min B and iron. At all process Made by Kellogg in Battle Crrek

The Gift The Whole Family Will Enjoy

KELVINATOR

Not for just a season, not for just a year, but for many years to come will the whole family enjoy your gift if it is a Kelvinator.

Not only a thing of beauty not only one of the most useful appliances in a home but one of the cheapest to operate.

Women everywhere are enthusiastic about the new Kelvinators, not only with the gleaming exteriors, but the all-porcelain interiors and the many features that are exclusive with Kelvinator.

PAY BUT $^{\$}10^{00}$ DOWN

Just imagine buying a Kelvinator on such easy terms! That's all you have to pay down the balance in easy monthly installments.
